

PAT METHENY
SECRET STORY
RELEASE DATE: SEPTEMBER 24, 2007

Expanded and remastered edition includes five additional tracks

‘The most sweepingly ambitious album that the jazz guitarist has yet recorded... a nearly 80-minute world-music suite with symphonic underpinnings.’
New York Times

Nonesuch Records will release an expanded and remastered edition of **Pat Metheny’s** 1992 Grammy Award-winning **Secret Story** on **September 24**. The album includes five previously unreleased tracks that Metheny has revisited and restored in the studio over the last year, in addition to the original fourteen tracks.

Back in 1992, Metheny declared that *Secret Story* was “Unlike anything I’ve ever done. It’s the largest in scope - 80 people were involved in the record - but it’s also the most intimate record I’ve done. One of the things that is most interesting about the process of listening to instrumental music, and particularly a record like this, is that it allows people to make up their own sense of what it is about, to find their own story in it.”

Guests included Brazilian percussionist **Nana Vasconcelos**, Belgian harmonica player **Toots Thieleman** and members of the London Orchestra, along with such frequent Metheny collaborators as pianist **Lyle Mays** and bassist **Charlie Haden**.

In 2005, Nonesuch released Metheny’s label debut, *The Way Up*: a single 68-minute piece written by Metheny and Mays and performed by The Pat Metheny Group. Since Metheny joined the label, Nonesuch has been adding re-mastered versions of earlier recordings to his active discography, starting with the 20th anniversary edition of Metheny’s landmark sessions with Ornette Coleman, *Song X*. Metheny’s latest Nonesuch project is a collaboration with pianist Brad Mehldau, which has yielded two acclaimed discs, *Metheny Mehldau* and *Metheny Mehldau Quartet*, plus an ongoing series of concert dates in the US, Europe and Asia.

Tracklisting:

Disc 1

1. Above the Treetops
2. Facing West
3. Cathedral in a Suitcase
4. Finding and Believing
